

PE VISION STATEMENT

“Do you know what my favourite part of the game is? The opportunity to play”.
Mike Singletary (American Football – Chicago Bears)

At Andover CE Primary School, we believe a high-quality physical education curriculum inspires all pupils to succeed in competitive sport and encourages our children to become physically confident with developing their health and fitness. We strive to develop opportunities to compete in sport and physical activity to develop character and instil values of fairness and respect. We believe all children can succeed and aim to develop this belief in every child by encouraging competitive activity both within and outside of school. Through our Sports Council, play leaders, sports ambassadors and road safety officers our children demonstrate their high levels of stewardship.

All PE lessons encourage children to demonstrate fairness and respect to each other, as well as developing fine and gross motor skills, an understanding of a range of sports and developing their ability to remain physically active for increasing periods.

In learning it is our intention:

- To provide opportunities to compete against ourselves, within school and outside of school
- To improve physical confidence with developing health and fitness
- To instil the values of fairness and respect in all of our pupils
- To improve our children's ability to remain physically active for increasing periods
- To increase participation in sport and physical activity across the school.
