

Science

Everyday Materials - We will continue to investigate the materials different objects are made from. We will start to plan and carry out experiments and explore the work by scientists William Addis and Chester Greenwood.

Seasonal Changes – We will also continue to observe changes across the four seasons and describe weather that is associated with seasons.

History

We will look into the history of our lives so far! We will create timelines of our lives and of our school year to show the change over a period of time.

Art

We will discover and explore the artwork of Naomi Renouff and then create a collage of a home using mixed materials.

RE

We will learn why Christmas is important to Christians and think about ways we can be thankful at Christmas time.

Autumn Term 2:

No place like home!

Music- We will use the chant "Teddy Bear, Teddy Bear" and other songs to explore and use an increased range of sounds.

Important Dates

Monday 4th December – 1:30pm
– KS1 Nativity – St Mary's Church

Wednesday 13th December –
2:15pm – Year 1 Christmas Craft
Afternoon

Y1 Curriculum Map

English

This half term we will be enjoying and comparing books written by Judith Kerr! Children will continue to develop their vocabulary by adding time connectives to the beginning of their sentences to create exciting stories. Children will also develop their vocabulary this half term by using interesting adjectives to describe a setting.

Maths

Children will carry on to secure their place value and number skills. Children will start to develop their multiplication and division skills by learning to count in multiples of 10 and 2 and sharing equally. Children will also learn the names and properties of 2D shapes.

PSHE – Children will explore all about using money. Children will learn about the different types of ways we can use money and what we need money for.

PE Tennis skills with Mr Holmes and Mr Lee.
Indoor PE – We will be creating a dance about toys coming to life!
