

Science

Animals including humans:

We will be continuing our learning about animals and their offspring. We will learn about the life cycles of chickens.

We will be hatching and looking after chickens for 2 weeks.

Geography

We will continue to study China and remind ourselves of the compass points.

DT -. We will be making some dragon mask to go with our dragon dance.

Computing and music

- We will be learning about a composer and using computers to make music.

RE

The Story of Easter: feelings of sadness and happiness at Easter.

Spring Term 2:

All about eggs

PSHE - Respecting rights

We are learning about our rights and how to protect them. Why respect to others is important and how we respect those who are different than us.

PE -

Outdoor games with Mr Holmes.
Indoor games - dragon dance

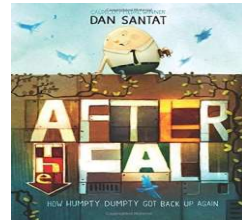

English

We will be writing a narrative about the Runaway Wok. We will look into character and setting descriptions as well as recapping our grammar skills such as capital letters, full stops. We will also be learning how to use an apostrophe for contractions words such as he's.

An alternative ending to the story "After the Fall."

Using non-fiction texts about life-cycles and eggs to help us create our own information leaflet about chicks. Reading narratives and poetry about eggs and different animals.

Maths

- Multiplication and division
- Number place value
- Addition and Subtraction, solving problems and answering reasoning questions
- Adding, subtracting, multiplying and dividing in the context of money!
