

## Science

**Sound** - identify how sounds are made, recognise that vibrations from sounds travel through a medium to the ear, find patterns between the pitch/volume of a sound and features of the object that produced it, recognise that sounds get fainter as the distance from the sound source increases.

## Geography – Local Study/Italy

Children will be exploring Italy and the UK as a whole and making comparisons between the two. Children will then make more detailed comparisons between Andover and a town/city in Italy. They will look at similarities and differences in both human and physical geography.

## Music

The children will be exploring how to record rhythms and notes in music lessons to create a piece of music.

## MFL

Children will look how to say and write personal details about themselves. They will add to their knowledge of phonics and numbers.

## PSHE

**One World** – children will explore how to look after themselves, others and the world.

## RE

**Ritual** – why is the ritual of the Paschal Candle important?

## Spring Term 2 Local Study

Where in the world is Andover?

## DT

Children will explore local food in order to create their own fruit tart. They will try different flavours before planning, making and evaluating their fruit tart.

## English

Residential – children will write a thank you letter to Minstead Study Centre Staff to share what they enjoyed, learned and experienced.

Andover Heritage Trail – persuasive business pitch.

In reading, children will develop their comprehension skills for exploring vocabulary and themes across multiple texts.

## Maths

Children will develop and apply their knowledge of place value, mental and formal methods of addition and subtraction and time. They will also use known multiplication facts to solve a wide range of problems, using a variety of resources to support them.

## Computing

Children will consider how and why data is collected over time. They will collect data as well as access data captured over long periods of time

**PE** - children will continue to develop their balance and coordination through a range of circuit exercises.
