

Science

Plants: We will observe and describe how seeds and bulbs grow into mature plants. We will find out and describe how plants need water, light and a suitable temperature to grow and stay healthy.

RE We will learn more Christian stories on forgiveness and peace and find out more about what Jesus taught people.

Summer Term 1:

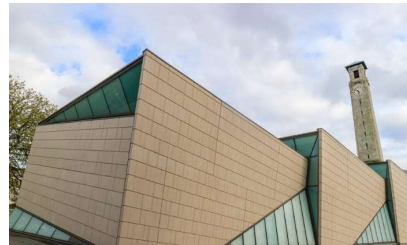

The sinking of the Titanic

History - We will learn about the timeline of events that occurred that fateful night. We will explore the many factors that contributed to the sinking of the ship and have a discussion as to who we think is to blame for the tragedy.

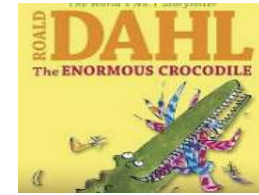

- Trip to Sea City Museum

DT - We will be designing our own sandwiches for the passengers of the Titanic. We will then write instructions on how to make a sandwich, followed by making them. After eating their creations the children will then evaluate how they turn out.

Computing - We will learn about simple instructions and algorithms and how we can use these in programmes such as Turtle Logo and Scratch.

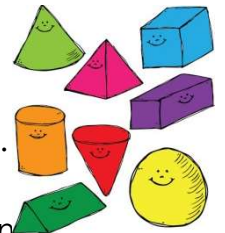

English

We will explore poems about crocodiles and create our own. Then we will read and explore The Enormous crocodile and create their own story in the style of Roald Dahl. After that we will explore non-fiction texts about crocodiles to then make for ourselves.

Maths

- We will learn about 2D and 3D shapes and half and quarter turns.
- We will continue to secure our understanding of the 2,5 and 10 times tables through work on multiplication and division.

PSHE One World

We will find out more about how other people around the world live. We will learn how to look after our world and what it means to be a planet protector.

PE Country Dancing and striking and fielding.
