#### RE

Children will learn about light and Hannukah

### Science

**Everyday Materials:** Children will continue to learn about the uses of different everyday materials and will participate in experiments regarding their suitability for different purposes.

### **History**

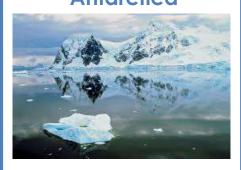

Children will learn about Captain Scott and his expedition to Antarctica

## Geography

Children will learn to use world maps and atlases to locate continents and oceans. Children will learn about cold climates.

**Art –** Children will develop observational drawing skills focusing on penguins.

# Autumn Term 2: Antarctica

Hook: A lost penguin arrives at school – where is he from?
What are we going to do with him?

**Music-** Children will learn songs in preparation for their Christmas nativity performance.

**PE** Outdoor games – children will continue to learn to improve the way they coordinate and control their bodies whilst using a range of equipment. Indoor PE – Dance unit based on Penguins.

### Y2 Curriculum Map

## **English**

- Lost and Found: Children will write a nonchronological report about penguins.

- Captain Scott – Children will pose questions to Captain Scott which they will answer towards the end of the topic in a written question and answer-based interview.

We will continue to learn new spelling rules and develop comprehension skills in reading.

### Maths

Multiplication and Division – Children will begin to learn time tables for 2s, 5s and 10s and they will use arrays, understand the difference between grouping and sharing.

2D and 3D shapes – Children will recap on their properties, find half, quarter and lines of symmetry within them.

Addition and Subtraction– Children will continue to build on mathematical fluency when using these operations.

Statistics- construct and use a tally chart and pictogram

## PSHE – Safety First

Children will learn about keeping themselves safe at home, outside and online and why we have rules and how they help to keep us safe. We will also be discussing the underwear rule and keeping our bodies safe.
